Rocketdyne Road

“Every member a minister...through service”

FEBRUARY 6, 2011

The Blizzard of February 2011

There was not a bulletin for February 6. Snow began falling early February 1 with strong winds and poor visibility creating blizzard conditions. By the time the snow stopped on Wednesday, we had almost 20 inches with sub zero temperatures at night. Services were cancelled Wednesday evening. We had morning worship service only on Sunday February 6 with about 150 people attending. Only the highways and main streets (not Rocketdyne Road) were cleared.
